Reverend Brother Patrick Tierney

Every month, as part of the celebrations for our Diamond Jubilee we have a monthly highlight. The highlight for the month of May is the Visual Arts Exhibition, here in the Cultural Centre.

First and foremost, we thank Brother Edmundo Fernandez, Visitor of the Lasallian East Asia District, for kindly consenting to be our Guest of Honour. Indeed, since Brother Edmundo is an artist himself, we have surely chosen the right person.

When I think of Visual Arts I think of 'creativity'. Some people seem to have visual arts creativity naturally, inborn as it were. Some have natural ability and are well trained. Others, like me, seem to have little talent. But, as with music, visual arts speaks its own language which even the poorly talented can appreciate.

What a pleasure it is, then, to gaze upon the works of our students, all of them so talented. They have produced works of beauty, works of reflection, works of imagination. In later life they can look back on their creations with pride.

To all who have been involved in organizing and bringing this Exhibition to fruition, especially to Mrs. Clara Lee and her team, we offer our congratulations. The Exhibition will bring enjoyment to many.

Mrs Chandni Rakesh

Welcome to La Salle Primary School's Diamond Jubilee Visual Arts Exhibition.

Students from the whole school were involved in preparing for this Visual Arts Exhibition. When they created the artworks, teachers guided the students to incorporate elements of brotherhood, love, care and harmony in their artworks, as you can see in the Village of La Salle. We would like our students to learn to work with each other through various collaborative

artworks, e.g. the "Diamond Jubilee" Mosaic, 60th Anniversary Acrylic Painting etc. In order to send their blessings to the School on its Diamond Jubilee, they also created the lovely mascots. Students' creativity can be seen through their application of artistic elements (cubism, surrealism, abstract painting etc.). We hope to nurture students' individuality and help them realise their potential.

Moreover, students gained better understanding on St. John Baptist de La Salle's persistence, enthusiasm and contribution to education through drawing the "Saint La Salle and I" painting.

Thank you to all Visual Arts teachers, who gave abundant guidance and support to our students during the preparation of the artworks. I would like to thank the Diamond Jubilee Visual Arts Exhibition Ad-hoc Committee, Mrs. Clara Lee (Chairperson), Mrs. Haze Kwok and Mrs. Cherie Yip for their hard work. I would also like to give my special thanks to Br. Edmundo Fernandez, Visitor of the Lasallian East Asia District, who gladly accepted our invitation to be the Guest of Honour. Thank you to all guests and visitors who have come to support us in this momentous event.

May God continue to bless La Salle Primary School and guide us in nurturing more talented boys in creative arts.

渡紅海

「摩西渡紅海」這作品的創作靈感取材自舊約聖經——梅瑟帶領以色列民離開埃及，橫渡紅海，進入福地的故事。三十位視覺藝術校隊成員利用塑膠彩進行創作及繪畫，希望藉此作品寄予喇沙小學由衷的祝福，希望學校在天主的祝福及帶領下，繼往開來，培育更多優秀的人才，造福社會。

Crossing the Red Sea

“The Crossing of the Red Sea” is based on the biblical narrative of Moses leading the Israelites out of Egypt into the Promised Land. This acrylic painting is the collaborative effort of nearly 30 Visual Arts Team members. The hope of this collaborative painting is that with God’s guidance and blessings, La Salle Primary School continues to nurture even more talented students in the future.

鑽禧馬賽克 Diamond Jubilee Mosaic

鑽禧馬賽克

本校小一至小六視覺藝術會的學員同心協力創作這幅鑲嵌畫。他們分別以水晶玻璃、瓷磚及彩石等用料，共同創作及鑲嵌出象徵着六十周年鑽禧校慶的鑽石圖案。畫作中的鑽石閃閃生輝，其散發出的光芒，寓意本校繼續向着光明的未來邁步向前。

Diamond Jubilee Mosaic

Mosaic is a decorative art form. Primary One to Six students from Visual Arts Club participated in the creation of this mosaic artwork. Using crystal glass, ceramic tiles and coloured stones as raw materials, they created a diamond pattern representing the 60th Anniversary of La Salle Primary School. Diamonds in the mosaic glitter brilliantly and the shining light is a symbol of our school's continuation to strive towards a brighter future.

真理 • 義德 • 愛德 • 生命 • 家庭

禪繞畫是近年新興的一門藝術。創作者透過繪畫一些簡單而重複的圖案，令身、心、靈得以放鬆，經歷一趟寧靜、放鬆、洗滌心靈之旅程。

此系列的禪繞畫，設計靈感取材於天主教教會的五個核心價值——真理、義德、愛德、生命、家庭。參與創作的學生透過繪畫基督降生、聖家、五餅二魚、撒瑪黎雅人及耶穌是善牧等內容，加深認識天主教的核心價值，並掌握禪繞的作畫方式。

Truth • Justice • Love • Life • Family

Zentangle is a recently emerging art form. It relaxes our minds by allowing us to paint simple and repetitive patterns. This series of Zentangle paintings were drawn according to the five core values of the Catholic Church – Truth, Justice, Love, Life and Family. The students participating in these paintings deepened their understanding of the significance of the core values of the Catholic Church by sketching biblical stories such as “Birth of Christ”, “Loaves and Fishes”, “The Good Samaritan” and “Jesus as Good Shepherd”. Also, the unique painting style of Zentangle enabled students to become calm through painting.

游魚 Fish

游魚

「魚」在中國文化中象徵生命，有生生不息之意。是次五年級學生花了約一個月的時間，以六十周年鑽禧校慶「向上」、「向前」的概念及「游魚」為主題，再配合泥板製作、手捏、黏合、上釉等陶藝技巧，創作出個人陶藝作品，豐富了他們在藝術創作上的經歷。作品中不但呈現了魚兒多變的形態和力爭上游的精神，更展現了游魚頑強的生命力。

Fish

“Fish” in Chinese culture symbolises life and carries with it the meaning of “abundance”. It took more than a month for all of the Primary Five students to complete their individual ceramic fish. To create a sense of moving upwards and onwards together, around 200 unique pieces of art were made. Through this process of ceramic creation, the students have learned pottery making techniques such as clay slab rolling, coiling, pinching, bonding and glazing. It was a rewarding and enriching process for all the students involved.

喇沙村 The Village of La Salle

喇沙村

全體小四學生以「蝶古巴特」為基礎，進行集體創作，共同建構理想的家園——喇沙村。
學生利用色彩繽紛的圖案，拼貼及組合成一間又一間的小屋子，展現村莊內歡樂、團結、和諧及共融的氣氛。

The Village of La Salle

All Primary Four boys worked together to build the Village of La Salle by decoupage. All the boys decorated their houses by gluing coloured paper cutouts onto them. They tried to bring out the following in their designs – Happiness, Brotherhood, Love and Care.

立·像 Cubist Portrait

立·像

此作品屬集體工藝創作，每件作品由兩至三位學生合力完成。

在創作的過程中，學生先建構有關畢加索立體派的美術知識，再依據立體派的特有風格，將物件簡化為幾何圖案，或將物件的形狀扭曲，達至超現實效果。學生以油粉彩於木板上進行集體創作，並使用木板拼貼方法營造不同的質感效果，形成不同的視覺觀感。

Cubist Portrait

This is the students' first attempt to create a collaborative artwork in groups of 2 to 3. They tried to apply their understanding of cubism to this artwork with Picasso as an inspiration. When creating these cubist pieces, students simplified objects into geometric components. They distorted the figures and forms, simultaneously depicting different points of view. They also created a collage of wood pieces to create texture for this artwork. They gained hands on experiences with mixed media arts and new craft skills.

大嘴巴 Gigantic Mouth

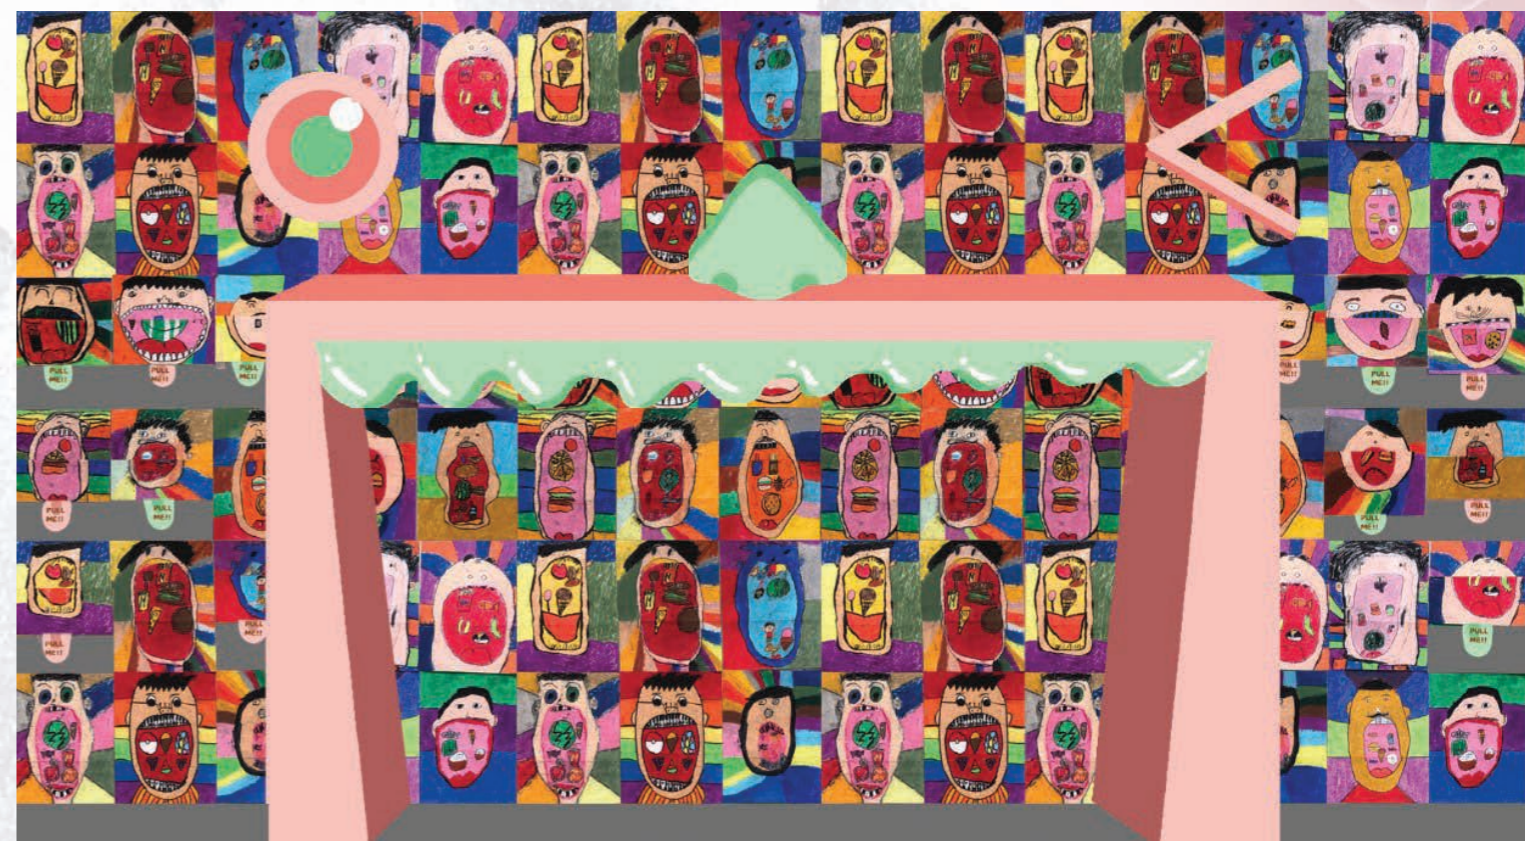

大嘴巴

以畢卡索超現實主義的繪畫風格進行創作。學生利用線條繪畫出誇張的臉部輪廓，並加插小孩子心目中最喜愛的事物，構圖豐富，展現童真的一面。

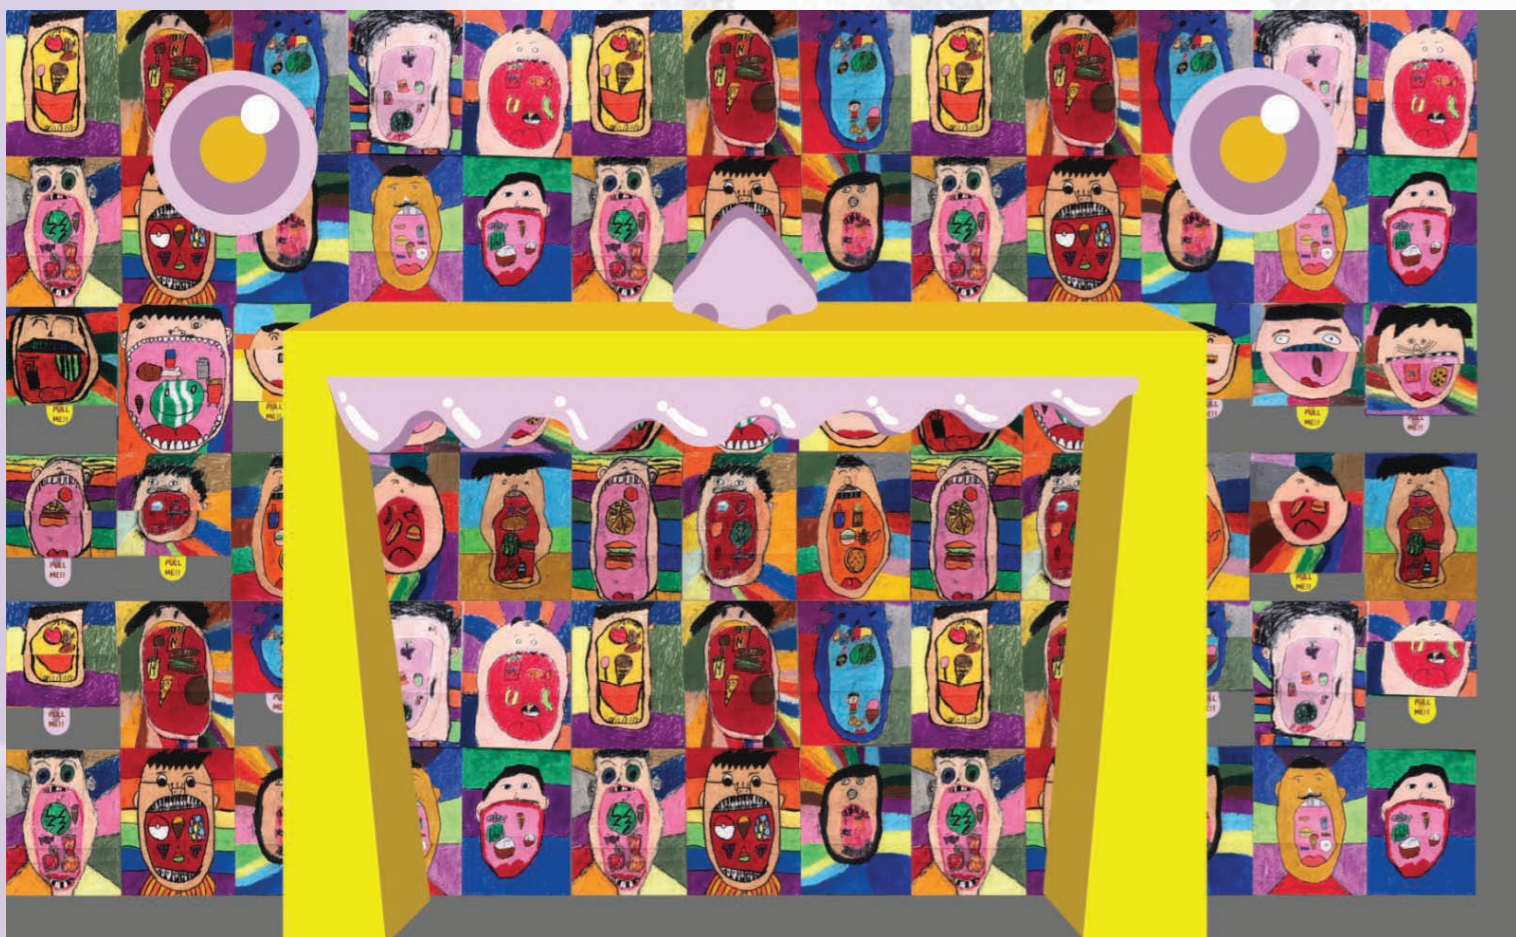

Gigantic Mouth

Based on the surrealism seen in Picasso's painting style, the students drew exaggerated facial features with an emphasis on the world as seen through their eyes.

花間彩蝶 Emerging Butterfly

花間彩蝶

每隻蝴蝶都曾經歷由毛蟲破蛹而出的蛻變過程，因此蝴蝶的美麗絕對是得來不易的！

在創作的過程中，同學們經歷了對設計和色彩運用的思量，更大膽地進行探索，突顯出個人風格。此作品蘊含着喇沙小學對本屆小一學生的寄望——希望他們在未來六年的校園生活中，像蝴蝶一樣盡展所長，振翅高飛；他日離開母校時，也能像蝴蝶一樣，活出美麗而豐盛的人生。

Emerging Butterfly

The world is enchanted by the charm of butterflies, flying elegantly among the flowers. Effortless though they may seem, their beauty doesn't come without great perseverance. It is the result of a caterpillar's immense efforts, culminating in its metamorphosis into a butterfly.

More than just showcasing appreciation of this wondrous process, these artworks celebrate the successful transformation of La Salle Primary School over the last 60 years. They encapsulate the hopes and expectations that our Primary One students will continue this celebrated tradition.

Through individualised designs and by experimenting with different colours, students were encouraged to boldly explore their creativity, showcase their personal style and embrace their originality. It is hoped that their school life in LSPS will continue to encourage them to nurture their individuality, thus realising their full potential to grow in the coming years. By the time they graduate, it is our desire that our students will stand out in their own unique ways, just like these beautiful butterflies. May they continue to fly high, shining onwards and upwards throughout their lives.

小小藝術家

為配合鑽禧校慶主題 — 「閃爍六十載，同心創未來」，視覺藝術科舉辦一系列活動，其中一項為「鑽禧視覺藝術展覽」。校方鼓勵每一位小小藝術家遞交個人藝術作品如畫作、陶瓷、立體作品或相片等參展，發揮藝術方面的天賦。

Little Artists

This school year marks the sixtieth anniversary of the establishment of La Salle Primary School. To celebrate the theme of the Diamond Jubilee - Sparkling Onwards and Upwards, a series of activities will be held. One such event is the Diamond Jubilee Visual Arts Exhibition. The school encouraged our little artists to submit their personal artworks to participate in the exhibition, artworks including: paintings, ceramics, sculptures and photographs.
